

Young Variety is a not-for-profit young professional networking group.

We aim to raise awareness of the work performed by Variety SA for children and families in the South Australian community, and to develop our members professionally, personally and philanthropically.

Who we are

Each year, Young Variety hosts several fun and quirky social fundraising events. These events provide young professionals with opportunities to engage with the work of Variety SA through interaction, rather than pure donation.

All monies raised at our events go to various South Australian charities that support disadvantaged youth. Our contribution allows these charities to focus purely on their work, rather than worrying about the hassle of fundraising.

For the first time, Young Variety has pledged \$25,000 in 2016 to Youth Opportunities. Youth Opportunities runs a well-being and life skills training program for a select group of South Australian kids in year 10, which ultimately provides them with the tools and skills to better understand themselves and to make informed choices for their future. Each year, as we continue to grow, we aim to pledge more and more to home grown NGOs supporting disadvantaged youth.

We want to grow our relationships and our community to support even more young South Australians
