

VARIETY SHINE INTENSIVE PROGRAM JANUARY 2020

Articulation/Phonology Program

4+ Years

This program is for children who have articulation (sounds) errors or speech sound disorders. This may entail only one sound or a few sounds in error as well of those who have several sounds in error or unintelligible speech.

RUNS AS

This program is offered individually, but children of similar ages who have similar sound errors may be placed in small groups to work together. Intervention is evidenced-based for each child.

REQUIREMENTS

For children in this program we need a complete Articulation and/or Phonological assessment by a Speech Pathologist. If you do not have this, then we can do this on the first day of the program.
