

Variety Motor Mouth Camp Speech Pathologist Referral form

The Variety Motor Mouth Camp (MMC) was founded in 2011 and was created with the intention to assist children who have complex communication needs and use augmentative & alternative communication aids (AAC) to express themselves. The camp is an immersive experience, encouraging the user and their family to fully embrace their device and incorporate it into everyday life.

Every year a committee (MMCC) of specialised therapists and parents, organise a camp in September/October. The camp combines fun, development, and recreational activities for all involved, whilst fostering opportunities to build meaningful connections with other individuals in the AAC community.

Camp can sometimes be a busy, loud and interactive environment and we want to ensure that each family gets the most out of the experience. We appreciate you taking the time to complete the following.

Child's details

Childs (client / applicants) name:

Child's diagnosis:

Confirmation of AAC device and vocabulary Set:

Timeframe child has been using AAC device:

Competence level: Emergent / Context dependent / Independent
